**WORK SESSION:**

Request from Copper Mountain for an Amendment to the Copper Mountain Sub-basin Plan within the Ten Mile Master Plan to accommodate the proposed A-Lift Development.

- The Commission unanimously recommended that the BOCC pursue a master plan amendment based on Staff and the applicant's presentation and submitted materials. The Commission stated that master plan amendment should be kept limited in scope.
- During the discussion of this request this request, the Commission asked for an update on the Planning Department's progress to update all of the Master Plans. Planning Director, Don Reimer, responded that long-range planning focus shifted from master plan updates to short-term rental regulations this past year and the Planning Department will again focus on the master plans. He also discussed a possibility of consolidating the basin plans and working on neighborhood plans, where appropriate. The Commission was supportive, at least conceptually, of this idea.

**DISCUSSION ITEMS:**

- Suggested Revisions for Consideration in Next Master Plan Update
- Countywide Planning Commission issues
- Follow-up of previous BOCC meeting
- Planning Commission Issues
