BEVERAGES, AND RETAIL GOODS; AND RESTRICTIONS ON LODGING AND
TRANSPORTATION SERVICES

1. **Purpose, Effective Area.** This Amended and Restated Public Health Order is being issued to limit the health impacts of COVID-19. This Order sets forth requirements for group gatherings and additional guidance to slow the spread of the COVID-19 virus. This Order is effective within the entirety of Summit County, including all towns within the County.

Immediate issuance of this Order is deemed reasonable and necessary under the existing circumstances and necessary for the preservation of the public health, safety and welfare.

4. **Most Restrictive Standard Controls.** To the extent any State and/or Federal orders or laws are more restrictive than what is set forth herein, such orders control. Individuals should be aware that new orders from Governor Polis and the Colorado Department of Public Health and Environment (CDPHE) are being issued on a regular basis, and all members of the public are responsible for following the Governor’s orders, CDPHE orders, and local orders.
5. **Incorporation of State Orders.** All Executive Orders issued by the Governor and all CDPHE Public Health Orders are hereby adopted and deemed incorporated herein. This Amended and Restated Public Health Order is intended to clarify and harmonize this Summit County Public Health Order with all of the State’s orders. The more restrictive standards expressly provided below shall apply.

This Order is intended to be construed to prohibit the sale of all non-essential goods in order to prevent the community spread of COVID-19.

   c. For clarification, all establishments providing retail goods may continue to provide goods via online or over-the-phone sales, provided that goods ordered through such means must be delivered by mail or by delivery to a customer’s home or a customer’s vehicle located outside of the retail location.

11. **General Information for all Persons.** The Public Health Director strongly recommends that residents and visitors cancel or avoid all non-essential events, regardless of size, where appropriate social distancing and preventative measures may not occur.

Visitors to or non-full time residents of Summit County are strongly encouraged to return to their primary residence as soon as practicable, and comply with Governor Polis’ recommendations regarding self-quarantine.

In accordance with Governor Polis’ Executive Order D 2020 007, all public and private elementary and secondary schools, including public preschools on public school campuses shall remained closed through April 30, 2020.

These actions are some of the most available and effective tools to help slow the spread of the virus in our community – and, importantly, to reduce the number of potential deaths caused by COVID-19. By slowing the spread, we have a chance to protect our family, friends, and neighbors who are at risk for severe illness. In particular, this includes all adults over age 60 and anyone with an underlying health condition.

These actions will limit the cascading impacts on critical services due to high absenteeism if large numbers of workers become ill. This Order and actions will help hospitals, first responders, and other health care services continue to provide services for those who need them (along with utilities, human services, and businesses) in the coming weeks and months. Collective action can save lives and is in support of the most vulnerable in our community. The more united we can be in preventing the spread the greater the benefit for the whole community.

12. **Penalties.** Failure to comply with this Order is subject to the penalties contained in Section 25-1-516 and 18-1.3-501, Colorado Revised Statutes, including a fine of up to five thousand ($5,000) dollars and imprisonment in the county jail for up to eighteen (18) months.
