Summit County Planning Department
Frisco, CO

To whom it may concern:

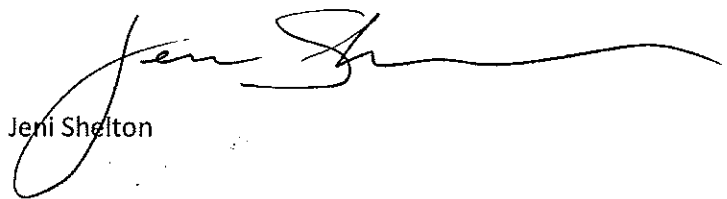

Please be advised that as owners of the property at 86 Gold Hill Road, we are making application and request you review of the "conditional use permit application" to permit an equine assisted activities and therapy center at our property. This vital element of our community has been operational in Summit for over 10 years, offering people with physical challenges an avenue for development. Equine assisted activities and therapy have proven invaluable for people suffering trauma and mental illness by contributing to human well being via purposeful contact with horses.

We thank you for your careful consideration of our proposal.

Sincerely,

Ron Shelton
