\*Not accepted: rocks, bags, noxious weeds, dog waste, wood or slash for this material. 6/1/09 Compost products for landscaping now available by calling A1 Organics to set up the order – Julie - 970-454-3492

**All loads must be covered – double charge for uncovered loads. Accepted payment – cash or check with proper identification**

**\*\*See more specific information on page 2**

**\*\*Criteria for structural fill – Contains no organic material, no trash, & is free of mud and/or excess moisture. Size – 1 ft. minus. Any material that does not meet the above requirements will be charged the current rate for trash.**

**\*\*Criteria for topsoil – Contains no trash, & is free of mud and/or excess moisture. Size – 1 ft . minus. Any material that does not meet the above requirements will be charged the current rate for trash.**

**\*\* Scrap metal – no contaminants - barbed wire, chicken wire, or rolled fencing, rebar, cable, propane or fuel tanks. Barrels only accepted with lids off or cut open.**

**\*\*Slash & Wood Construction must be separate loads for lower rates – no treated, creosoted, painted or stained lumber in construction - nails & screws ok, but no metal bigger than 4inches. Effective 1/1/09 stumps must be separated from slash. They are no longer considered slash rate & go into the landfill at current trash rates.**

**\*\*Chip product – There is a 2 inch maximum size requirement to qualify for the chip price. The price defaults automatically to the slash rate if product does not meet these criteria. Also, no contamination in the load – no trash, limbs, log ends, rocks or dirt.**

Digouts - \$60.00

Special handling rates may apply for any special equipment or handling needs - \$60.00 per 15 minutes.

Asbestos free sampling inspection reports signed by a certified engineer are required in advance for all building demolition projects. They should be faxed to 970-468-9304. Neither friable nor non-friable asbestos is accepted at this facility.
